### **Jupiters unveils its new pool and luxury poolside experiences**

Jupiters Hotel & Casino is set to sparkle this summer, with a brand new pool and luxury poolside experience now open.

The pool has been redesigned as a luxurious and relaxing oasis for resort guests. For the ultimate summer indulgence, bungalows and cabanas can be exclusively reserved for private use and offer a range of exclusive amenities.

Two lavish bungalows with outdoor spas are a haven of comfort and luxury, offering panoramic views of the pool and bar. Both feature spacious decks to inspire endless relaxation, spa treatments or to enjoy a delicious barbecue cooked by a personal chef. Inside, plush lounge suites, stylish amenities and entertainment centres provide the perfect retreat for small groups and families.

Nine discreet cabanas with deluxe chaise lounges also surround the palatial pool and include complimentary refreshments and amenities.

Managing Director Geoff Hogg said the completion of the pool signifies the first step in the evolution of the property.

“With the poolside experience now complete, we are well on track to meet our redevelopment timeline and create a world-class integrated resort for the Gold Coast,” said Geoff.

Jupiters’ new poolside sanctuary is open to guests during the daytime and is available for exclusive hire for evening functions.

A delicious and extensive a-la-carte menu will be available throughout the day at the new poolside bar and can be enjoyed lounging by the pool or chilling out in one of several relaxation zones.

Gary Campbell, Director Food & Beverage, said that everyone from those wanting a private retreat to couples seeking a romantic date experience will be catered for.

“We’ve spent time carefully crafting a serene, luxurious environment together with exclusive packages to ensure our guests feel that they are truly being pampered,” said Gary.

The new poolside experience is part of Jupiters’ \$345 million redevelopment, which includes a fresh new exterior look and two new restaurant openings - Japanese restaurant and bar Kiyomi and Italian restaurant Cucina Vivo, both set to open later this month.

When complete, the redevelopment will include a six-star luxury hotel tower and an array of contemporary bars and restaurants.
