

THE STAR

Why We Have Guidelines

The Star Gold Coast receives a large number of proposals each week, which unfortunately makes it difficult for us to accept every idea presented to us. Hence, we have outlined below a series of guidelines to help you submit a proposal that meets our needs. We will be updating these guidelines regularly, so please check that you have the most recent set of guidelines when you are preparing your proposal.

In General

These are the general criteria by which we initially assess the proposals

- We will consider proposals in all categories except sponsorship of individuals who are not competing at an elite or international level.
- We prefer to support local regional events.
- We generally require a minimum of six months' lead-time.
- Logo exposure is not the primary goal of sponsorship; it is considered a bonus.
- We prefer to invest in sponsorships that carry out audience research during and/or after the event, including sponsor questions, and provide the results of the research to The Star Gold Coast.
- Both The Star Gold Coast and Treasury Brisbane contribute monies to the Gambling Community Benefit Fund. The aim of this organisation is to assist local charities to purchase capital items necessary to run their day-to-day business. **For more information, visit:**
