DVD releases under his belt, and to this day holds the record for the fastest selling comedy show ever in Canada.

One of the country's most loved stars, George Kapiniaris has had an incredible impact on Australian popular culture over the last 32 years with a career that spans across comedy, music and TV.

George's claim to fame was his starring role in the hugely popular stage show *Wogs out of Work* where the Australian public first embraced him and continued to see George use his Greek heritage as inspiration for future roles and performances.

It has been a whirlwind couple of years for Rob Shehadie with his acting, stand-up comedy and MC roles as well as stage and screen writing. A co-creator of Channel Nine's hit comedy-drama, *Here Come the Habibs*, as well as actor, associate producer, story consultant and original concept for the show, he has been busy to say the least.

One of Australia's busiest comedians, Tahir has been a feature in all comedy venues around the country and had numerous television appearances. He was named Comedian of the Year and has been Logie nominated as well as working with the who's who of the industry and has been booked for countless private and corporate functions. He is a regular at comedy festivals and TV panels across the country. Along with Rob Shehadie, Tahir is also one of the co-creators of *Here Come the Habibs* and was a star of *Fat Pizza*.

These four outstanding comedians promise to deliver a brand new show full of stand up, sketches, songs, video items and the usual surprises.
