

SOKYO

Award-winning chef Chase Kojima draws on his Japanese training to create an impeccable union of traditional craftsmanship and contemporary flavours that are sure to delight your guests.

Sokyo features slick black polished wood, dark modern tones and fish scale textures. This hyper-modern Japanese theme is carried through to oversized anime graphics placed over the main bar.

Sokyo is located within the lobby of The Darling hotel and is the ideal venue for a private dining experience for up to 100 guests in the main dining room. For exclusive use of Sokyo, pre-event canapés may be served around the stunning lounge and bar area prior to moving through to the main dining room to be seated.

The private dining room, complete with its design features, reflects a modern interpretation of Japan. The room caters for up to 50 guests at restaurant round tables or 40 guests theatre style. Sokyo also offers a Japanese influenced breakfast, perfect for a small morning meeting.
