WINE AND GRAPE HISTORY IN THE SYDNEY REGION

The history of the Australian wine industry had its beginnings with the arrival of the first fleet into Sydney Cove.

The first vines arrived in Australia in 1788 with Captain Phillip on board one of the ships of the First Fleet. These vines were first planted out at Farm Cove - the site of the present Sydney Botanical Gardens. Unfortunately, the vines did not bear as expected, and were soon transplanted to a new location at Parramatta. In 1791, Governor Phillip reported that he had established a three-acre vineyard at Parramatta, and that a settler named Schaffer had also planted one acre of vines.

In following years, many others attempted to establish wine grape growing and winemaking ventures in various regions of the colony.

Notable amongst these were the pioneering efforts of Captain John Macarthur, to whom a grant of land some thirty miles from Sydney was made, and which he named Camden Park. This property played a major part in the development of all manner of primary industries in Australia, being particularly well known as the home of the development of the merino sheep breed. Camden Park played a vital roll in the fledgling wine industry through its importation and distribution of vine cuttings throughout NSW and the Barossa Valley. By 1853, Camden Park listed some 33 grape varieties for sale.

Another important figure in the early wine industry was Gregory Blaxland. Blaxland established a vineyard at Ermington on the Parramatta River in 1806 and by 1822 shipped 136 litres of wine to London where it won the Silver Medal of the Society for Encouragement of Arts, Manufactures and Commerce, now known as the Royal Society of Arts. Five years later, a larger shipment of 1800 litres of Blaxland's wine won the Gold Ceres Medal. <http://www.hawkesbury.net.au/sydneywine/overview/history.html>

APÉRITIF PRE-DINNER

Aperitif is a type of drink enjoyed before dinner in order to “open the appetite.” (Aperitif comes from the Latin word *aperire*, which means “to open.”)

Most aperitifs are a blend of fortified wines with strong herbal qualities. It’s a drink that invites you to slow down and enjoy the moment. And while most of us might not be used to taking the time to leisurely work up to our dinners, it’s one routine you won’t have trouble getting used to — especially since aperitifs are also known to be accompanied by tasty nibbles such as olives, nuts or canapes.

The aperitif was first introduced with the creation of vermouth in the mid 1700s by Antonio Benedetto Carpano, but it was made popular in France a century later when Joseph Dubonnet, a French chemist, created a wine-based drink that would mask the unpleasant flavor of malaria-fighting quinine. So, despite the fact that this drink was once used mainly for its medicinal properties, it has managed to stick around — and is still enjoyed by many in France, Italy and increasingly getting more popular in Australia.

Usually served straight up, chilled or on the rocks (at times with a slice of citrus, too), the aperitif is a simple start to the meal. 45ML

APÉRITIF PRE-DINNER

Saké is a Japanese rice wine made by fermenting rice that has been polished to remove the bran. Unlike wine, in which alcohol is produced by fermenting sugar that is naturally present in grapes, sake is produced by a brewing process more like beer, where the starch is converted into sugars before being converted to alcohol.

The brewing process for sake differs from the process for beer in that, for beer, the conversion from starch to sugar and from sugar to alcohol occurs in two discrete steps. Like other rice wines, when sake is brewed, these conversions occur simultaneously. Furthermore, the alcohol content differs between sake, wine, and beer. Wine generally contains 9%–16% abv, while most beer contains 3%–9%, and undiluted sake contains 18%–20% although this is often lowered to about 15% by diluting with water prior to bottling.

In the Japanese language, (the word "sake" or "liquor", also pronounced shu) can refer to any alcoholic drink, while the beverage called "sake" in English is usually termed nihonshu ("Japanese liquor"). Under Japanese liquor laws, sake is labelled with the word seishu "clear liquor", a synonym less commonly used in conversation.

WINE BY THE GLASS

Black Bar & Grill now offer premium wine by the glass using Coravin system. This is a perfect system for our customers that have always wanted to try a special bottle without paying the full bottle price tag. Coravin system allows us to pour wine without removing the cork, therefore leaving the wine untouched by oxygen and in return letting the wine last much longer than any other system available.

NEW SOUTH WALES WINERY SPOTLIGHT

Swift Sparking by Printhie Wines

Swift from the elevated slopes of Orange NSW. The cool climate and elevated vineyard sites are perfect for the production of traditional method sparkling wines. Swift Sparking was launched in 2010 and each year has produced four traditional method sparkling wines, a non-vintage cuvée, a vintage, Blanc de Blanc and Rose. Family owned and run, brothers Edward and Dave Swift manage the operations and Drew Tuckwell is in charge of the world-class winemaking.

Printhe Wines has won Best Sparking for its Swift Cuvee NV at the 2016 Royal Melbourne Wine Awards (RMWA), Australia most prestigious wine show.

Brokenwood

Established in 1970, Brokenwood Wines has evolved from a weekend venture for self-professed hobby winemakers into one of Australia's most reputable wine labels. The original 10 acre block in the foothills of the Brokenback ranges - originally planned as a cricket ground for the local community - was planted with Cabernet Sauvignon and later Shiraz. The first vintage was picked in 1973. It was a labour of love for the partners, and the friends and families they conscripted to help, with the grapes being carried to the winery in buckets in the back seat of Len Evans' Bentley. While the size of the company has grown, the operation remains deliberately labour intensive, being the only way of assuring the individuality of the wines. Brokenwood

PARTNERSHIP PRODUCER

LAUGHTON FAMILY - JASPER HILL & CHAPOUTIERS FAMILY

Domaine Cambrien 'La Pleiade'

A chance meeting in the mid nineties was the start of a partnership between two influential winemaking families of modern times—The Laughtons and the Chapoutiers. A common belief in biodynamic farming and its expression of “true terroir” led to the forming of a common vision—to create wines that were from opposing sides of the world, old and new world, that were joined in the philosophy of their creation—as true expressions of their terroir.

La Pleiade Heathcote Shiraz This dynamic partnership also yielded a Shiraz vineyard in Central Victoria's Heathcote region, the home of Jasper Hill. Planted in the spring of 1998, this tiny vineyard was established on virgin red Cambrian soils and planted with both Australian Shiraz clones, selected by Ron, and French Syrah clones, imported by Michel. The label depicts 'La Pleiade' (The Pleiades, Seven Sisters), a small, wispy star cluster in the constellation of Taurus that can be viewed by the naked eye from both partners home vineyards in Tain l'Hermitage and Heathcote.

Agly Brothers is nurtured biodynamically and made with simplicity from vines grown in the Southern French town of Latour de France, located in Corbières zone in the hills above the Roussillon plains. Literally translated as 'The Tower of France', this small village borders the ancient kingdoms of Catalonia and France. Mature vineyards lay abandoned in this area of steep, arid slopes due to the high cost of farming; thus it is the quest of the Laughton and Chapoutier families to rediscover and fully express these exceptional, low-yielding sites. The vineyards are located on the slopes in the upper reaches of the Agly valley. The plot planted with Carignan and Shiraz is on gneiss at an altitude of 250m, and faces north. The plot planted with Grenache is on south-facing slopes on an original soil made up of schists on a layer of limestone.

GROWER CHAMPAGNE NON VINTAGE

“Why drink ‘grower Champagne’? For me, good wine is above all an expression of place, and the profundity of that expression often reflects the quality of the viticulture involved. Terroir-expressive Champagne may be guided by practices in the winery, but its character originates in the vineyards”. <http://www.decanter.com/learn/grower-champagne-10-estates-to-know-270315/#0KtGkbaRfdorYkd1.99>.

RIESLING NEW WORLD

Australia is blessed with regions and climates that can produce truly world-class wines from the noblest of vines, and Riesling is no exception. When it comes to Australian Riesling, the most common comment you'll hear from winemakers is to 'let the grapes do the talking' – a very minimalist way of thinking. Riesling's clarity, freshness and purity don't need manipulation or enhancement in the winery. The delicacy of citrus, white flowers and crisp fresh tropical fruit need nothing more than time to ferment to a level of dryness chosen by the winemaker. Riesling is the wine that winemakers love to drink. And it's one of Australia's most underrated white wine wines, which makes it a collector's dream as it provides an affordable taste of greatness. <https://www.wineaustralia.com/riesling>

RIESLING OLD WORLD

Riesling is quite unlike any other. It is generally light in alcohol, refreshingly high in fruity natural acidity (quite different from the harshness of added acid), has the ability to transmit the character of a place through its extract and unique aroma and, unlike Chardonnay, is capable of ageing for decades in bottle. Like top quality Chenin Blanc, but unlike Chardonnay, it performs best if fermented cool and bottled early without any malolactic fermentation or wood influence. Riesling is a star and, as you may discern, one of my great wine heroes. <https://www.jancisrobinson.com/learn/grape-varieties/white/riesling>.

SÉMILLON

Some years ago, a distinguished Bordeaux winemaking academic and writer was quoted as saying Semillon was not one of the noble grape varieties. Perhaps he had never tasted a classic **Hunter Valley Semillon** by Tyrrell's or McWilliam's Mount Pleasant. For such wines are among the greatest and most distinctive in Australia – if not the world.

NATURAL & LOW INTERVENTION WHITE VARIETALS

Natural wines over arching philosophy are non-intervention. From vineyard to cellar the wine is made using quality fruit grown by organic and biodynamic practices and experimental and free-form methods of viticulture. They are cultivated in tune with the 'nature' evident in both the grapes and the territory in which they grow. <https://www.organicwine.com.au/what-is-natural-wine>

| 2007 | Damijan Podversic <i>Ribolla Gialla</i> | Venezia Giulia, Italy | 185 |

Jura is a French wine region that lies between Burgundy and Switzerland. The wines produced here are unique, some would say "funky," meant in the nicest possible way. This is a cool-climate region, with clay and limestone soils and plenty of Jurassic era fossil matter, hence the name. It's split into four regional appellations: Arbois, Côtes du Jura, L'Etoile, and Château-Chalon. <https://www.organicwine.com.au/what-is-natural-wine>

PINOT MEUNIER

"**Rarity** has long been in this wine's favour but the price has steadily begun to reflect it. The vines were planted, remarkably, in 1868.

The wine in the glass is a treat. Not necessarily compelling, but beautifully pitched. My first impression was that the fruit was sweet; my second that it was sour. I kept swinging between the two. Gum leaf, undergrowth, tangy cranberry-like characters, sweet spices, woodsmoke, tobacco maybe and mint. It kind of 'is what it is' in an unhurried, light-ish, charming way, though the wine's lines of tannin and acid are strung taut." Campbell Mattinson, Wine Front

PINOT NOIR BURGUNDY FRANCE

Domaine de la Romanée-Conti, or DRC as it is commonly known, is easily Burgundy's best-known and most collectible wine producer. Based in the Burgundy village of Vosne-Romanée, the domaine makes wines from eight different grand cru vineyards that span the length of the Côte d'Or. The most famous comes from the eponymous Romanée-Conti vineyard, and on average is the most expensive wine in the world. <https://www.wine-searcher.com/producer-22643-domaine-de-la-romanee-conti>

The Name **Gaja** needs no introduction to lovers of Italian wine. Founded in 1859 by Giovanni Gaja the estate is today run by the great-grandson, Angelo Gaja with his daughters Gaia and Rossana playing a major role in the business. Angelo can take the credit for revolutionising the wine industry in Barbaresco and Barolo. Responsible for the implementation of temperature controlled fermentations, malolactic fermentation, and the introduction of international varieties and the use of French Barriques. The range of wines from the estate is stunning – from the top end Barbaresco's and Barolo's, through to his Tuscan estates, Pieve Santa Restituta and Ca'Marcanda. One of the greatest names in the world of wine.

SHIRAZ ICONIC AUSTRALIAN PRODUCER

Australia has many wines worthy of the 'Iconic' title, below are just a few.

Shiraz (the same grape as Syrah in France's Rhône Valley) was one of the first vine varieties to arrive in Australia in 1832. So, at home was it on its new turf, plantings prospered and it wasn't long before the local population began to take it for granted. However, by the 1980s people had begun to realise how versatile it could be, its character changed depending on the region in which it was grown. - Wineaustralia.com

Hill of Grace is a single historic vineyard located in the Eden Valley of South Australia. The century-old Shiraz vines were planted around the 1860s by an ancestor, Nicolaus Stanitzki. This 100% pre-phyloxera Shiraz vineyard lies opposite an old Lutheran Church, built of local stone, which was euphoniously named Gnadenberg, meaning 'Hill of Grace'.

Penfolds Grange is sourced from Kalimna in the Barossa Valley, McLaren Vale, Adelaide (Magill) and Padthaway in South Australia. Penfolds Grange displays fully ripe, intensely flavoured and textured Shiraz grapes in combination with new American oak. The Grange style is the original and most powerful expression of Penfolds' multi-vineyard, multi-district blending philosophy.

SHIRAZ | SYRAH AUSTRALIA

Bin 170 is an extremely rare release, produced to commemorate Penfolds 170th anniversary. Released only for the second time in history, both the experimental Bin 170 made in 1973 and the second release 2010 were sourced from Block 3C in the Kalimna vineyard, a special site that periodically produces exceptionally aromatic and expressive fruit. The result is a generous and opulent Shiraz of superlative power, concentration and intensity. Displaying vibrant blackberry and plum with overtones of violets, cedar, liquorice and black olive, Bin 170 possesses astonishing depth of fruit and impeccable balance with the structure to age gracefully over many decades. Made in small quantities, only 5544 bottles have been released.

SHIRAZ CABERNET AUSTRALIAN CLASSIC

The blend of cabernet sauvignon and shiraz has been called the most Australian of wine styles. Indeed, according to wine critics Matthew Jukes and Tyson Stelzer, shiraz cabernet is 'The Great Australian Red.'

| 2014 | Hickinbotham 'The Peake' | McLaren Vale, SA | 345 |

The Penfolds Bin 60A Special Bin Red releases reflect a culture of research, experimentation and innovation at Penfolds. This goes beyond winemaking to consideration of vineyard site, vineyard management and fruit selection. 1962 Bin 60A is Penfolds' most successful show wine ever, having won 19 trophies and 33 gold medals in a relatively brief period. The 1962 Bin 60A is considered by many to be the greatest Australian wine ever made. Only one other vintage has been made, the 2004.

NATURAL & LOW INTERVENTION RED VARIETALS

Natural wines over arching philosophy is non-intervention. From vineyard to cellar the wine is made using quality fruit grown by organic and biodynamic practices and experimental and free-form methods of viticulture. They are cultivated in tune with the 'nature' evident in both the grapes and the territory in which they grow. <https://www.organicwine.com.au/what-is-natural-wine>

CABERNET SAUVIGNON & BLENDS ICONIC AUSTRALIAN PRODUCERS

Cabernet Sauvignon is the second most widely planted red wine grape in Australia, following Shiraz with which it is often blended. It can be found in several wine regions with many large producers using grapes from several states. Notable regional differences characterize Australian Cabernet Sauvignon: in addition to the wine styles of Coonawarra and Margaret River, the Barossa Valley produces big, full bodied wines while the nearby, cooler Clare Valley produces wines with more concentrated fruit, and wines of the Victorian wine region of the Yarra Valley are noted for their balance in acidity, tannins and fruit flavors.

Robert Parker: In 1472, 300 years before the Lur Saluces family acquired the famous Château d'Yquem, they owned **Château de Fargues**. While de Fargues has never been classified, the quality of the wine produced is brilliant. Still owned by the Lur Saluces family, it receives virtually the identical winemaking care that Yquem does. In some vintages, de Fargues has often been the second-best wine produced in the Sauternes region, and when it is tasted blind, many tasters, including most experts, usually judge it to be Yquem. In all fairness, the wine lacks the ageing potential of Yquem, but when young, the resemblance can be extraordinary.

Decanter October 2011: **Château Suduiraut** is aiming to breathe new life into the Sauternes category with the launch of a new sweet wine aimed at younger drinkers. Les Lions de Suduiraut, which makes its debut this month, is described as a 'classic Sauternes' produced from hand-picked grapes affected by noble rot, but is also said to be 'fresher, fruitier and more vibrant' than its traditional counterparts.
